Although the above-mentioned is the current level if turnover/income and is closely related to the economic indicators, it may be less or more in the future. Consequently this certificate does not serve as a guarantee that the income reflected will continue at the same levels. Where the entity is a start up, this EME certificate is valid only for contracts with a single value of less than or equal to R10 million. Should the contract value being tendered be for higher than R10 million and less than R50 million, the EME will be required to submit a QSE Verification Certificate with any tender. For contracts over R50 million, a B-BBEE Verification Certificate based on the Generic Codes must be submitted

Based on our procedures which do not constitute an audit or a review, we have determined that the turnover/income of this entity is less than or equal to R10 million and that the level of Black Ownership is at a Level 1.

We do not accept or assume responsibility to anyone other than our client for our work, for this report, or for the conclusion we have reached.
